

FIELD SHEET · PRINT IT · MARK IT UP · CRUNCH IT LATER

Pond measure

Print this. Take it to the field. Write on it. Scan the QR (or type the URL) and punch the calculator when you're back at the truck.

Calculator: <https://stanleyfarmandranch.com/resources/pond/>

What	Write it
Pond / tank name	
Shape (rect / circle / oval)	
Length (ft) or diameter	
Width (ft)	
Depth at dam (don't use this alone)	
Depth at skinny end	
Honest average depth (ft)	
Surface acres if you already know it	
Label rate (per acre-foot) if treating	

Notes:
